Words of Wisdom from our Psychics

One day, we had an epiphany and invited our psychics to share some of their own personal Words of Wisdom with you, based on their own experiences. Most of the Words of Wisdom shared below are original words from our psychics. Some of the Words of Wisdom are favourite quotes from other people that our psychics love. We hope you enjoy being reminded that life really is great!

It is only by being your true self that you can be the best.

Psychic Adriana

With whatever you do in your life, do it to 100% of your ability, focus and give energy so that it is done quickly and does not give you time to doubt yourself or to procrastinate. This clears your slate and allows you to move forward unhindered onto the next adventure.

Psychic Andrew

If you are able to see the beauty in another's heart, rather than the pain and turmoil in the personality, then you are already half way to your enlightenment.

Psychic Andrew

Words of Wisdom from our Psychics

For whatever you want to receive in life, be it Love, Money or Fame, you first need to give it out, in order to create the space for it to manifest into your life.

Psychic Annabella

Open your mind and heart to the endless possibilities that Spirit can bring. Don't focus on the little things that get in your way. Dream, Love and Laugh. This will empower you and together we can build the best story of your life journey.

Psychic Catherine

Life is not measured by the breaths we take but by the moments that take our breath away. Blessings to you along your journey in creating your moments that take your breath away.

Psychic Catherine

Words of Wisdom from our Psychics

You are unique! Believe in yourself and do what you can to help others.

Psychic Diana

You are BRAVER than you believe STRONGER than you seem and SMARTER than you think.

Psychic Fatima

We are Spirit having a physical experience. This is a school of life! NOTHING in your life is EVER done to you. We ourselves, on a SOUL LEVEL, create lessons that we have chosen to learn! Instead of going, "Poor me, whoa is me" ask yourself, "What is the lesson I have chosen to learn through creating this experience or lesson for myself? Is it trust, patience, compassion, listening?"

Remember, our subconscious mind fails to know the difference between truth and a lie and whatever we keep telling ourselves is the reality our subconscious mind faithfully creates for us. So if you don't like your reality, be honest with yourself and look at what you keep telling yourself. YOU are the one in charge of your thought patterns, so you can change your reality.

Psychic Gwen

Whatever doesn't kill you makes you stronger.

Psychic Helena

I deserve the best because I am the best.

Psychic Judith

Words of Wisdom from our Psychics

The Great Tao or the Mother of All Things appears to be doing nothing, as she allows us the freedom to grow at our own pace. Luckily she has lots of other things to do.

Words of Wisdom from our Psychics

Don't fall in love with a "potential". Fall in love with the real person who meets your needs.

Psychic Lana

Life is to be lived. It is not a spectator sport. There is no yesterday, there is no tomorrow, there is only the now – and the NOW is to be lived – without fear, without regret – but with LOVE and with PASSION.

Psychic Laurence

All the philosophies and all the religions in all the world can be summed up in two words...Be nice.

Words of Wisdom from our Psychics

Psychic Marayah Rose

The question you need to ask yourself is "What can I do now?" Now is your point of power.

Psychic Nicole

Watch your thoughts. Because your thoughts become your words. Your words become your actions. Your actions become your life. Soooo...Watch your thoughts.

Psychic Paulette loves this quote from Pat Parelli

Many people ask, "What is my true purpose and how can I be free of this or that issue?" The answer always lies in self-identifying with the unchanging 'inner self'. The mind and the external circumstances are always changing and contradictory, leading to inner confusion. The inner self is the truth, the way "home" – and it contains all potentials and solutions.

Psychic Radha

Words of Wisdom from our Psychics

Look inside your heart and you will find what you have been looking for all your life. A Love from a higher source that is greater than any man can give.

Psychic Robyn

Always remember, Life is Not a Rehearsal!

Psychic Ruth

Be open to inspiration from your guides and let no one turn you from your path.

Psychic Sharon

People in your life are in one of three phases...Coming In, Have Been There and are There and on Their Way Out, which sometimes comes as they are on their way in but they are turning away. Be confident in who you are and let people make their own choices and do not try to convince them (or even worse beg them to do otherwise). If they want to come in then welcome them, do not beg them to come in. If they are there, then treat them as if you want them to stay. If they want to leave, then don't beg them to stay. Life is like walking a life-long hike and meeting up with other hikers on the trail. It's not up to you to beg another person to hike with you, beg them to keep hiking with you or to beg them not to take a different trail than you. It's up to them. Let them be them so you can be you.

Psychic Sherry

Accept what is, let go of what was, and have faith in what will be.
