This Lovers Report is divided into 4 chapters.

Chapter 1 compares your temperaments and personalities. The issues described in Chapter 1 become particularly powerful if you are married or live together. Idiosyncrasies or quirks in another person's personality do not bother us as much if our relationship is a casual one. For example, if one person is neat and tidy and the other is sloppy, this is more likely to become a concern if you are married than if you are only seeing each other occasionally.

Pay close attention to the issues described in Chapter 2 because these are the most important themes in

your relationship. For example, if themes of romance and sexual attraction are emphasized, then you can count on this relationship being a passionate one. However, if romance and sexuality are hardly mentioned at all, then this relationship will not be a passionate one. Note also that the material in Chapter 2 is presented roughly in order of importance, so that the material presented at the beginning of Chapter 2 is the most powerful.

Chapter 4 describes issues in your relationship of less importance than those presented in Chapter 2. Chapter 3 describes situations and circumstances that arise if you have a close, long-lasting relationship.

If a statement appears to contradict another statement, then your roles are likely to alternate. For example, a statement that John is more aggressive than Jane, and another statement that Jane is more aggressive than John, means that you alternate roles, with John sometimes being the leader and Jane being the follower, and sometimes just the opposite. Also, read the statements carefully, as it is likely that a careful reading will reveal different kinds of aggressiveness or areas in which the aggressiveness is likely to express itself.

To make the most of this report, combine this astrological analysis with other things that you know about each other. For example, we have assumed that you are opposite-sexed (assuming that both of you are heterosexual, otherwise same-sexed). Physical attractiveness, age, religion, education, family and cultural background will affect your relationship as well. The material in Chapters 2, 3, and 4 of this report describes the magnetism between you, but does not describe your individual natures. For example, suppose that Chapter 2 makes little mention of romance and sexuality, but the Natal Reports for each of you indicate that each of you has extremely strong romantic and sexual desires. In this case, marriage is not likely to be successful! However, if romance and sexuality are not important to either of you, then the lack of passion in your relationship is not likely to be as much of a stumbling block.

Your birth chart interpretation is based on the positions of the planets at the time of your birth. For the benefit of students of astrology, these positions, along with other technical information, are listed below:

## **Chapter 1**

### **A Comparison of Temperaments and Life Styles that Affect Your Ability to Harmonize with Each Other**

*John's Sun in Leo and Jane's Sun in Libra:*

This can be a very warm and mutually fulfilling relationship. Both of you are romantics at heart and tend to be "in love with love". You both need and love romantic gestures, the giving and receiving of gifts, etc. Personal appearances and attractiveness is important to both of you as well, and you both are somewhat vain.

John is more decisive and very clear about personal preferences and desires, while Jane is more flexible and will compromise graciously in order to please John. John is more self-absorbed or self-centered than Jane. Of the two of you, John is the stronger individual, and the balance of power in your relationship may be somewhat lopsided. However, Jane has a highly developed sense of fairness and equality, and will protest sooner or later if John begins to expect obeisances all of the time.

*John's Moon in Leo and Jane's Moon in Libra:*

Both of you are personable, friendly, and affectionate, with a strong romantic streak, but you are different in many respects also.

John is individualistic, proud, and somewhat egotistical, while Jane is more concerned with "us" rather than "me". Jane is more aware of others' needs than John is, and more willing to accommodate them. This can be a significant problem for Jane at times - being too obliging, too eager to please, compromising too much. Being indecisive is also a habit of Jane's. On the other hand, John is naturally rather self-centered, more dominant, certain, and decisive, and may unintentionally take advantage of Jane's agreeableness. But Jane does have a strong sense of fairness and will resent being the one who gives in all of the time.

*Both of you have Sun conjunct or in hard aspect to Mars:*

Both of you tend to be hot-headed, highly competitive, and driven to achieve - and these energies will no doubt play a significant role in your relationship. At your finest, you can appreciate one another's independence and assertiveness, since you each possess these qualities. However, clearly there is also the potential for a great deal of friction, animosity, and an unhealthy degree of competition and anger between the two of you. You are both learning how to direct your aggressive, active, forceful energies into positive channels, and it would be helpful if the two of you could expend a lot of physical energy together, perhaps in competitive sports or athletic activities. Otherwise, you are prone to aggravate one another, and fight a lot.

*Venus & Saturn hard or conj for Jane, soft for John:*

Both of you are cautious about giving your hearts away, and Jane in particular may have inhibitions about loving freely and openly, or trusting people. But both of you are seeking depth and commitment in love, and you don't take love lightly or casually. John may help Jane heal some fears of love and intimacy, by being a constant, loyal, and true friend.

## **Chapter 2**

### **Major Themes in the Relationship: What Brought You Together**

*Sun Mutually Aspects Moon:*

The two of you are drawn to each other like magnets, and you may find that you keep bumping into each other even if you are not trying to. If you are not married yet, then there is a good chance that you will in the future because the attractions between you are extremely powerful. You understand and appreciate each other to an exceedingly high degree, and you are likely to have felt an instant connection when you first met each other.

*John's Sun Sextile Jane's Moon,  
Jane's Sun Sextile John's Moon:*

You are drawn to one another because you instinctively understand each other. There are strong feelings of belonging, closeness, and acceptance between you. You blend and merge with one another very easily and a strong mutual interdependence is likely to develop very quickly. John, especially, feels affirmed and strengthened by Jane's support and "backing". Because of the deep affinity between you, you are more motivated and more able to overcome any problems or differences that arise in your relationship.

*Moon Mutually Aspects Mars:*

As mentioned below several times, the physical and sexual attraction between you is strong - so it is not surprising that a sexual relationship has developed (or is developing). However, there is an aggressive quality to your relationship as well, which will need careful handling to prevent outbreaks of hostility. You must strive to be patient with each other and also have lots of creative, dynamic outlets together - working together or engaging in competitive sports are good outlets. There is a lot of "fire" in your relationship, which can manifest as sexual drive, anger, or ambition - and usually as all three.

*John's Moon Sextile Jane's Mars,  
Jane's Moon Sextile John's Mars:*

You arouse one another's feelings and desires, and both of you feel it is easy to express what you want from your partner in an open, direct way. You enjoy sports, active play, or other vigorous physical activities together.

*John's Sun Square Jane's Mercury:*

The two of you do not always see eye-to-eye on issues, and it is very easy for Jane to become critical of John. Compounding the problem is John's tendency to be very sensitive to criticism from Jane and consequently react defensively to this criticism. This need not be a serious problem however; a little tolerance for each other's right to disagree and respect for individual differences is all it takes to make personal differences stimulating rather than annoying.

*John's Sun Trine Jane's Neptune:*

The two of you have a strong intuitive understanding of each other, and you inspire each other's imagination, idealism, and aspirations. You help each other to become clearer about your ideals and religious inclinations, and together you develop a greater sense of meaning and purpose in your lives. You help each other to look beyond the daily problems and issues of your personal lives and focus more on altruistic goals and broader issues.

*Jane's Mercury Square John's Mars:*

The tendency to argumentativeness, verbal abuse, and mutual misunderstanding is very strong so please heed the following advice, especially if your relationship is a permanent one: try to avoid abusive language towards each other, and do not try to coerce the other person to accept your views. You enjoy challenging each other's ideas, showing the weaknesses, inconsistencies, or superficialities in each other's reasoning. While the intention is good, the net result can be hurt feelings and anger. Typically there is some truth to each other's point of view, but a lack of real appreciation and respect for each other's ideas triggers argumentativeness.

*John's Mars Trine Jane's Neptune:*

You enjoy watching movies, reading novels, discussing music and the arts, and pursuing religious or metaphysical areas together. You work well together in any area that involves a strong imaginative element. The spiritual bond between you is strong, and as you spend time together, your ideals and your sense of purpose in life becomes more refined and intertwined.

### **Chapter 3**

#### **Destiny and Final Outcome of Your Relationship**

*Composite Sun Conjunct Moon:*

You complement one another and bring about a sense of balance and wholeness in each other's lives. There is a deep and abiding attraction between you, and together you will both feel very unified and more complete than you feel singly. Over time you will begin to feel almost a part of one another.

An important aspect of your purpose together is to bring something new into the world - either physical offspring or "brain children", or both. You will be quite fruitful as a couple.

*Composite Sun Conjunct Mars:*

Without a doubt, the two of you rouse strong energies within one another, and you will have to learn how to manage conflict, passion, and anger in a creative way. When you are together, you both tend to become competitive, overly eager, rambunctious, zealous. You are not destined to have a peaceful, placid coexistence! However, you can initiate new projects and get lots of work done together, if your drives are harnessed and channeled into creative enterprises. Winning at work and competition, developing a warrior spirit, encouraging one another to be bolder and more courageous - these are the positives you will discover and create together if you can diffuse the more aggressive, abrasive energies you bring out in each other.

Action, doing, accomplishing are much of what this relationship is about. Because you generate so much heat - on all levels - when you are together, your sexual energies will also be stimulated and will certainly be an undertone in your communication with one another.

*Composite Moon Conjunct Mars:*

Warm, passionate emotional responses will always be a part of your relationship. You arouse a lot of emotion in one another - be it anger, desire, love, or animosity. Heated arguments and letting off steam are probably unavoidable when the two of you get together. However, an honest, direct, naked expression of anger as well as any other emotions you experience can be the basis of real closeness, as long as you don't let it get out of hand. You are not exactly gentle with one another. Undercurrents of rivalry and competition will also be an ongoing aspect of your bond. Either you will compete against one another, or the two of you will be a hot team in competition with other people.

Together, you act on impulse and emotion, and as a couple you have a lot of vitality and courage. You may be involved in more battles (with yourselves or the outside world) than you care to be, though.

*Composite Venus Square Jupiter:*

Openness, generosity, spreading good will, and generally having a good time together are emphasized in your relationship. If either or both of you have any tendency to be extravagant or to spend too much on pleasure, being together will really blow this out of proportion. As a couple, you will not want to deny yourselves any of the good things in life, and budgeting or restricting yourselves won't be easy.

Nevertheless, yours is destined to be a felicitous, affectionate, and fortunate relationship. A full and active social life, as elegant and comfortable surroundings as you can possibly afford, and plenty of vacations and "fun time" are certainly a significant part of this. And even in the inevitable difficult times, the two of you manage to buoy one another up and maintain hope in one another.

#### *Composite Mercury Conjunct Venus:*

A shared sense of style, elegance, and aesthetics is destined to be a focus with the two of you. Discussions about art, love and romance, or what each of you finds beautiful are definitely part of this.

Also, the two of you are able to tell one another of your affection for one another, to express those feelings verbally or in writing. Small, considerate expressions of caring (as well as tactful, somewhat sugar-coated expressions of disagreement when that is appropriate) add much felicity to your relationship. You tend to either avoid "heavy" subjects, or are able to talk about them in a friendly, amicable manner.

#### *Composite Mercury Square Jupiter:*

You bring out the restless, wandering, intellectually curious and open-to-adventure sides of one another. Big visions for the future, plans of seeing the world, and/or greatly expanding in some other area of your shared lives are key themes in your relationship. Together, you are idealistic, optimistic, hopeful, expectant of good things to come, and generally philosophical about failures. One of the gifts inherent in your relationship is faith.

Inevitably you two will bite off more than you can chew and/or get involved in projects that either grow too quickly or somehow become unmanageable (bigger than you expected). Grandiose claims - not based on fraud but upon over-optimism - will be a problem at sometime in your relationship, too. Overall, however, together you have the resiliency and good fortune to bounce back, time and again.

#### *Composite Venus Sextile Neptune:*

An aura of enchantment, mystery, and romanticism permeates your relationship, and maintaining a beautiful image of one another and of yourselves as a couple is crucial to its success. If either (or both) of you allows yourself to neglect your appearance or in other ways forgets to keep the magical element alive, your partner will be inordinately disappointed. This relationship needs fantasy and beautiful dreams, candlelight, moonlit escapades, and forays into paradise! If you two can also be clearheaded at the same time, your bond with one another can be very sweet.

#### *Composite Venus Conjunct Pluto:*

A complete transformation of your attitudes about love and relationship will occur through this fateful, profound connection. Expect intense feelings of attraction which can amount almost to obsession, a deep irresistible fascinations which may be felt simultaneously with a pulling away, and a sense that the whole thing is unavoidable even if excruciatingly painful at times.

What initially may feel like mad love, will reveal other, hidden sides of your emotions. The desire to control, dominate, or manipulate (sexually or in other ways) may well be a part of this. Extreme jealousy, issues of trust and betrayal, as well as deep, passionate love are all easily aroused between the two of you.

Certainly this is not a bond to be taken lightly. You will learn an incredible amount about what you are capable of, through your interaction. You are playing with fire here. Whether it is a purifying fire, or an eternal flame, or whether it will all end in ashes, is up to the two of you and how conscious you are willing to become.

#### *Composite Jupiter Square Pluto:*

Even if both of you are relatively modest individuals, together your ambitions for success are amplified and magnified greatly. At its worst this implies that both of you want to be "bigger", more important, more influential, or more successful than the other. However, if you combine energies you will be a very potent

force for change, betterment, and transformation in one another's (and others') lives.

There is a zealous, enthusiastic, somewhat grandiose quality to your ambitions. Beware of becoming fanatical or overstepping your bounds, for legal problems will inevitably result. Questions of ethics, personal convictions, and personal faith will be important issues in this relationship.

## **Chapter 4**

### **Other Themes in Your Relationship**

#### *John's Mercury Opposition Jane's Jupiter:*

Issues of broad scope such as religion, philosophy, and politics play a major part in your relationship. You work well together in areas that require long-distance communication, mass media, or philosophical issues. Jane challenges John to take a broader, more inclusive view of any situation.

#### *John's Mercury Square Jane's Neptune:*

You inspire each other's imagination and you may find yourselves gravitating towards discussions of fantasy, poetry, art, theater, and religion. However, the tendency to lose a clear sense of proportion and become clouded by fantasies is very strong! You may also be inclined to conceal something or deceive each other. Little white lies can quickly foster a morass of confusion. Misunderstandings between you arise easily so try to be clear and precise in all important, practical communications.

#### *John's Jupiter Conjunct Jane's Uranus:*

The two of you will often get a little crazy or outrageous together, and have a great time doing it! You inspire one another to be spontaneous and to break out of restraints or inhibitions, which can be joyfully liberating or lead to foolish excesses and imprudent risk-taking. Your more adventurous, unconventional, or freedom-loving sides are sparked by one another and there is an element of unpredictability which makes your relationship feel alive. You'll experience many new discoveries and serendipitous happenings with one another.

#### *John's Uranus Conjunct Jane's Pluto:*

Things are unlikely to become dull or predictable between you, as there is a strong current of intense change and constant renewal in your relationship. Your deepest desires for freedom and for new life and growth can be fulfilled in this relationship but will probably come about as a result of some radical decision and break from the past, a complete disruption of the status quo, especially for John. You may never quite feel like you are on stable ground together, and this can be very exciting or very uncomfortable, depending upon your individual temperaments.
